

THUNDER & LIGHTNING STORM

EMERGENCY PROCEDURES

Whenever there is the sound of Thunder and/or Lightning is sighted the referee or coach will instruct the players and spectators to immediately leave the fields and take shelter in their cars (not in the school buildings).

The all clear will be 30 minutes following the last sound of thunder or sight of lightning.

Please follow these procedures and urge your team and all spectators to comply immediately to avoid any possible injuries.

If you have a youth referee the Adult coach should use good judgment to clear the fields if the youth referee doesn't call it.
