SOCCER SUMMER CAMP at Solaris Sports

Yorktown Youth Soccer Club has partnered with Touchmasters to provide a few weeks of summer camp. This camp will focus on the TSTS (Touchmasters Soccer Training System). A system combining the Coerver method and Touchmasters Training system. A system of: moves, receptions, turns, pirouettes, flicks, tricks, volleying, touches and fundamental technical skills. Desmond brings all his knowledge gained over years of playing and coaching internationally!! The camp will be run outdoors at the YCCC field and we will be using Solaris's indoor turf fields, as well as their classroom and bathrooms. We will not have to worry about rain or oppressively hot days.
